ENERGAÏA : A DRAMATIC GROWTH

THE 2009 EDITION CONFIRMS THE TREND!

ENERGAÏA : A 100% GLOBAL BUSINESS EVENT WITH A DRAMATIC GROWTH!

- For its 3rd edition and during 4 days, ENERGAÏA welcomed about **30.000 visitors** from 53 different countries and from all the French economical Regions.
- Solar thermal and photovoltaic, wind energy, wood energy, geothermal, green-building... All the sectors of activity of the renewable energies' business were represented. **400 exhibitors from 13 countries** (France, Spain, Germany, Belgium, Italia, China...) came to Energaïa 2009.

During its 3rd edition, Energaïa welcomed 3 official international pavilions :

- The German Pavilion : Sponsored by the Federal Ministry of Economics and technology with the label "Renewables Made in Germany"
 - The Belgian Pavilion organized by the Awex (Walloon agency for exportation and foreign trade)
 - The Chinese Pavilion with more than 15 companies which occupied individual or group booths.
- The conferences, divided in 4 sections : international, associated, partners and exhibitors. They brought together **4 000 attendees**.

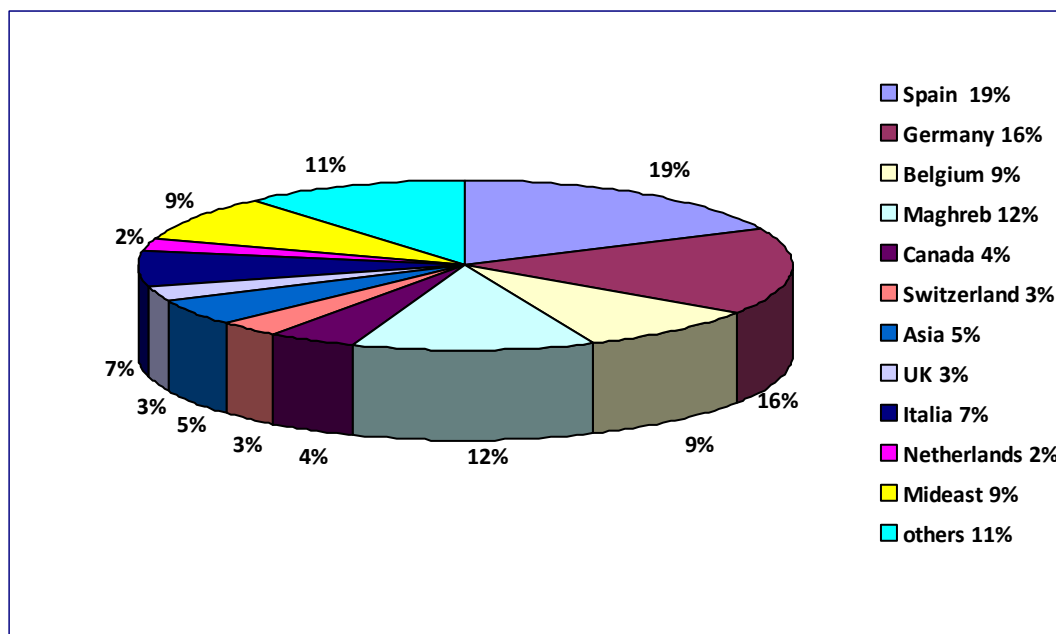

Please note that the conferences organized by partners, exhibitors and organizers attracted a high number of people on the Agoras' spaces which offer each a capacity of more than 150 seats. Almost 25 sessions took place during the 3 days dedicated to the professionals.

- The International Business Forum (FIA), organized by Sud de France Export generated **310 business meetings** with 45 international buyers from 10 countries.
- The Job Forum, in partnership with Pôle Emploi, has been a great success with **127 interviews done**.
- The 2009 Innovation Trophies rewarded three different exhibitors for their innovative project in the renewable energies sectors.
- The Eco-Maires Trophies have been delivered to two French cities which both proposed outstanding projects in the renewable energies field.

STATISTICS : VISITORS' RATE

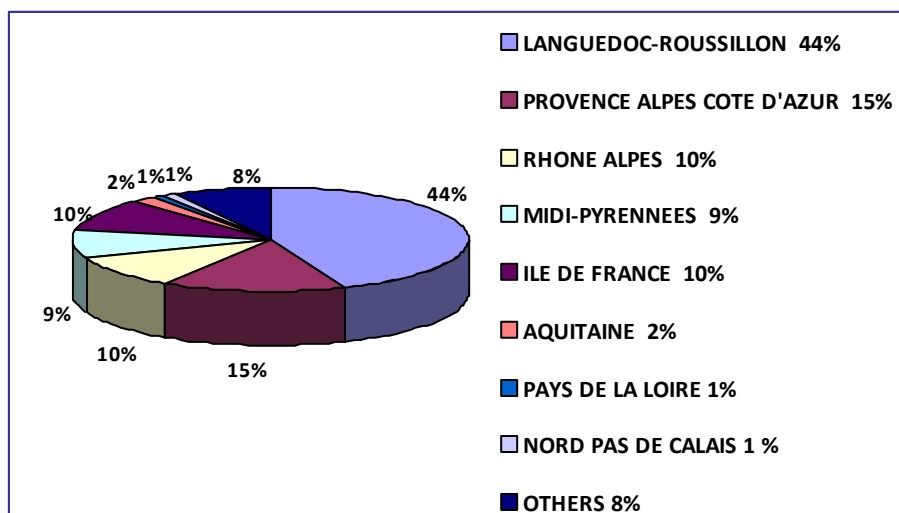

→ Visitors' countries of origin (except France)

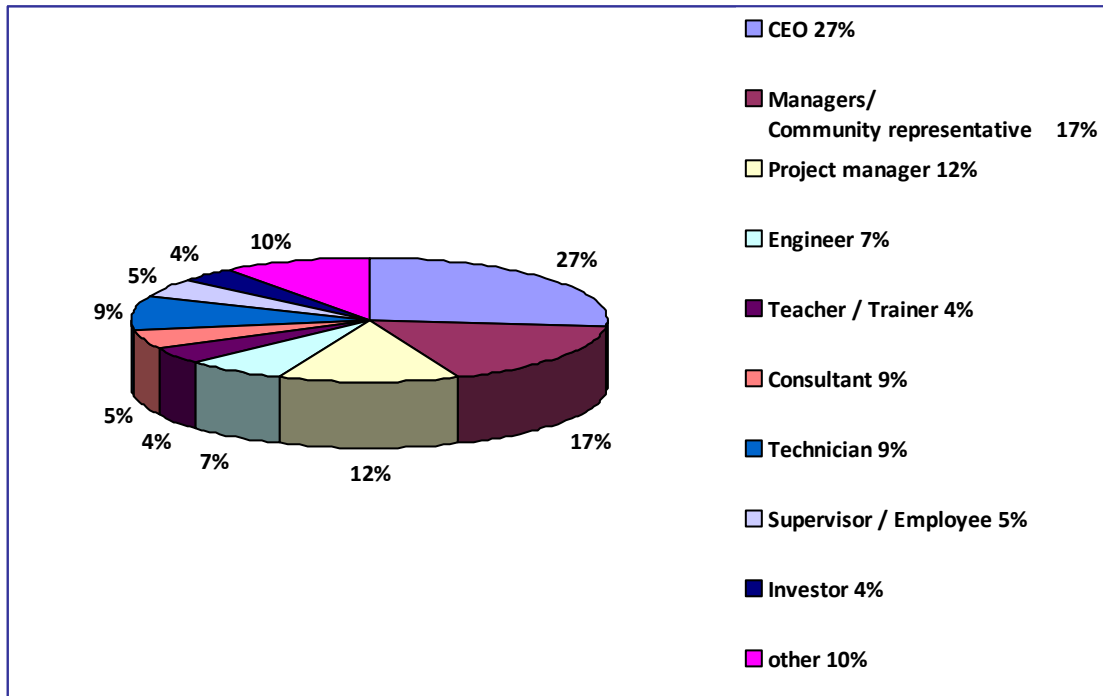

Full list of countries of origin :

Algeria, South Africa, Germany, Andorra, Austria, Belgium, Bénin, Brazil, Bulgaria, Canada, China, Cyprus, Congo, Egypte, Spain, Finland, Gabon, Gambie, Georgia, Gibraltar, UK, Guinée, Guyana, Hong-Kong, Israël, Italy, Jordan, Lebanon, Luxembourg, Madagascar, Morocco, Mauritania, Monaco, Nicaragua, Norway, Palestine, Holland, Poland, Portugal, Czech Republic, Romania, Slovaquia, Slovenia, Sweden, Swizerland, Syria, Tunisia...

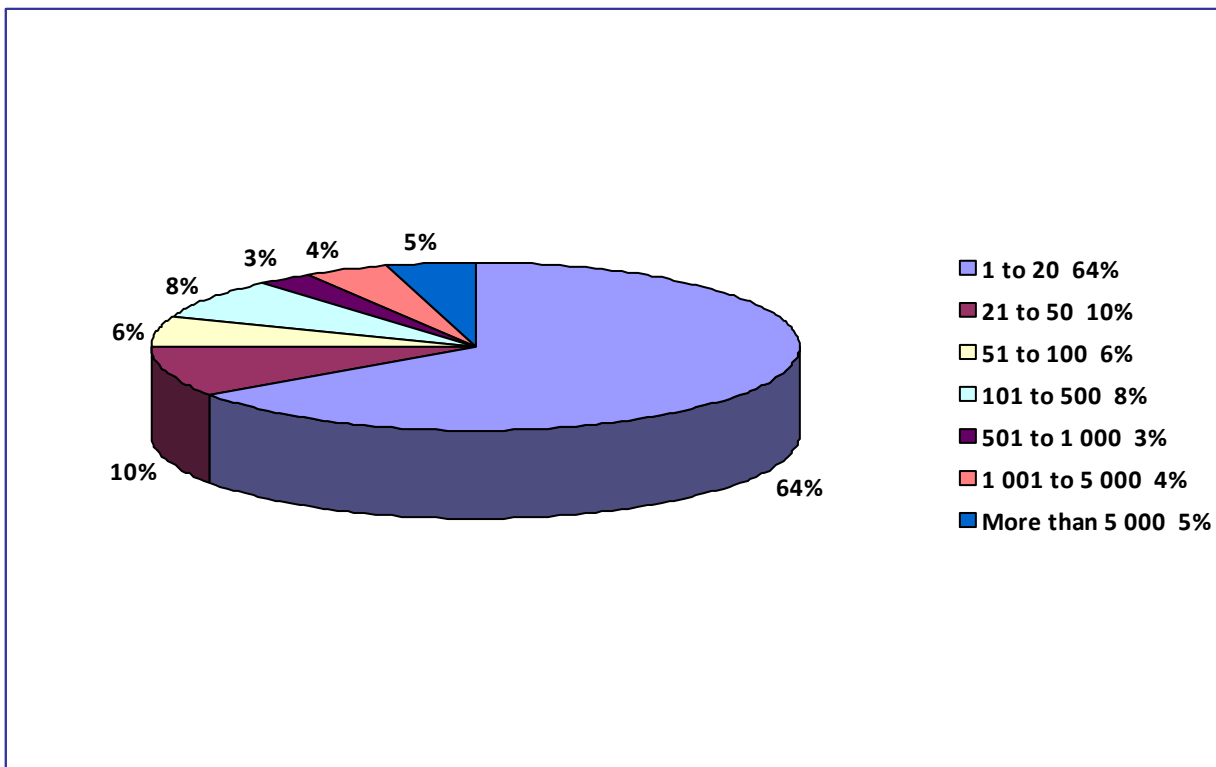

→ Visitors' French economical region of origin

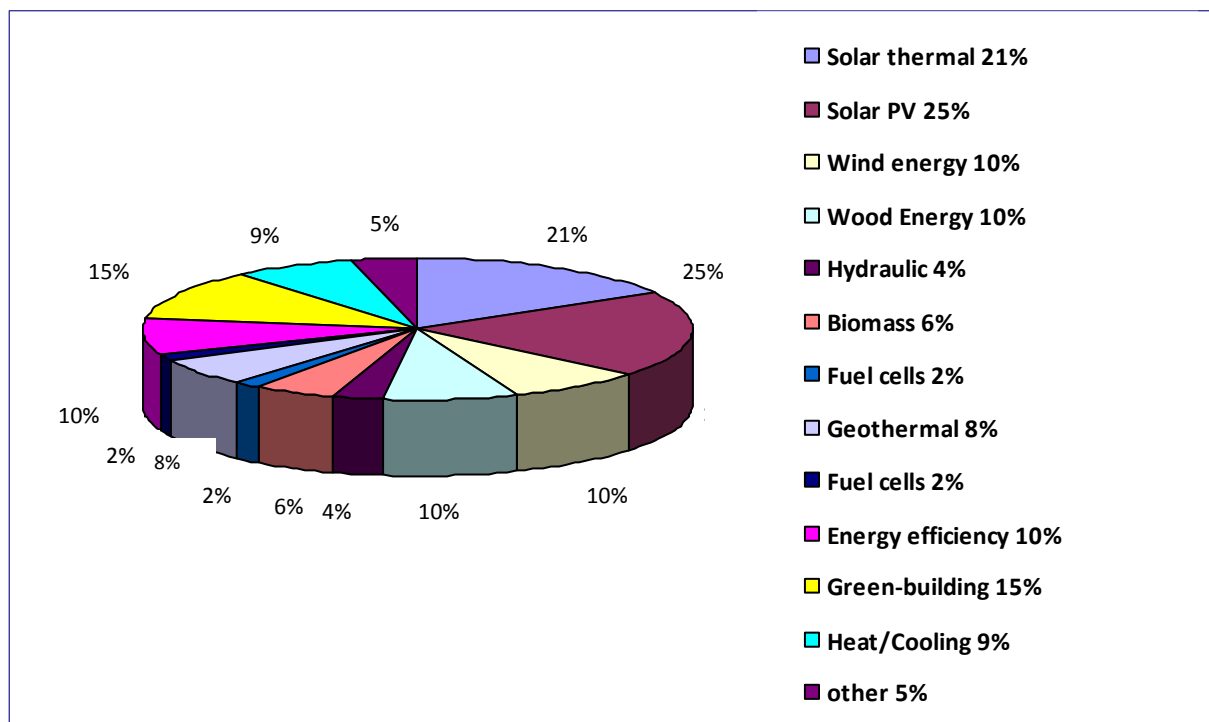

→ Visitors' duties

→ Size of companies (Staff)

→ Visitors' fields of interest

Answers higher than 100% due to multiple choice possibility

STATISTICS : CONFERENCES

→ International conferences

The international 2009 conferences programme stated on several topics, such as building and renovation in a Mediterranean climate, risks and opportunities of investments in renewable energies, green-building in Mediterranean countries or the opportunities to develop towns and territories thanks to renewable energies.

Those conferences attracted hundreds of attendees. This success is due, on one hand, to the quality of the programme, and on another hand to the presence of 130 expert speakers from France and 12 other countries.

Associated conferences

■ TECSOL / ENERPLAN

The development of heating and cooling from renewable is now one of the major energetical challenges in France for the next years. Solar energy will play an important role and the heating and cooling sector has presented with ENERPLAN a status of the sector situation in 2009. A debate on the challenges to face for the development of the technology took place. A presentation of the "Emergence" program status based on quality and high performance level of the future installations as been done as well.

■ Association METHEOR

METHEOR, an association which brings together companies and local authorities concerned by the methanisation of household waste, organized an annual congress entitled : International Conference on Methanisation.

■ Institut d'Electronique du Sud / UM2 / CNRS

Metrology and Renewable Energies Workshop: what are the challenges facing metrology with regards to energy and the specific requirements related to renewable energies?

Partners & Exhibitors conferences

Professionals, associations, Energaïa's partners or exhibitors, took advantage of the event to organize their own conference in agoras 6, 10 and 12. A great opportunity for them to present their activities, innovations, projects, etc.

■ Partners conferences:

REGION LANGUEDOC-ROUSSILLON ■ ADEME ■ ENERPLAN ■ TRANSFERTS LR ■ PLANETE VERTE ■ TECSOL ■ QUALIT'EnR ■ FEDERATION FRANCAISE DU BÂTIMENT (FFB) ■ AFNOR ■ CAPEB ■ UNIVERSITES MONTPELLIER 2 – UPVD ■ PAVILLON ALLEMAND ■ METHEOR ■ CRCI ■ SNBPE ■ CCI de LIGURIE (Italie) ■ LA CONVENTION DES MAIRES ■ ECOBATP LR ■ LES ECO MAIRES ■ ARFOBOIS ■ AGENCE LOCALE DE L'ENERGIE ■ ALMEE

■ Exhibitors conferences :

ACTIONS ENR ■ GEHRLICHER ■ CHEVREUSE COURTAGE ■ Association MAISONS DE QUALITE ■ HAWI ■ CELSIUS ENVIRONNEMENT ■ GEFOSAT

Parallel meetings organized during the exhibition

- SNEFCCA
- FEDERATION FRANCAISE DU BÂTIMENT (FFB) - Board Meeting
- CNDB / ARFOBOIS
- ARFOBOIS - Board Meeting
- PLANETE VERTE
- ARIA-LR - Association Régionale des Industries du Languedoc-Roussillon
- Université Montpellier 2 : meeting about ANR project : Inxilicium
- ECOBATP LR
- CAPEB – The 25th firsts « eco-artisans » of the Region for the 25 years of the CAPEB / Board Meeting
- SWELIA

STATISTICS : INTERNATIONAL BUSINESS FORUM (FIA)

The aim of the *FIA Sud de France Export* is to put exhibiting businesses and organizations in touch with a selection of buyers recruited by Sud de France Export and the overseas network of “Maisons de la Région Languedoc-Roussillon” from target sponsor countries interested in developing commercial and/or technological partnerships in the renewable energy and eco-building sector.

The 2009 International Business Forum (FIA) generated 350 rendez-vous live from the exhibition with 45 buyers from 13 countries.

In total, 27 foreign companies and 23 regional ones have participated to those meetings.

STATISTICS : 2009 JOB FORUM

The Energaïa Job Forum, organized in partnership with the Languedoc-Roussillon job centre (Pole Emploi), enables exhibitor companies who are looking to recruit qualified personnel, to meet and select their future employees.

This year, 169 jobs have been collected, which means twice the last year number. 93 contacts with companies has been organizes during 3 days.

Moreover, 700 résumé have been sent to Pôle Emploi and 28 job offers have been published live on the exhibition.

Thanks to Energaïa, the Job Forum welcomed as well non-exhibiting companies which proposed 56 job offers during the show.

ENERGAÏA 2009 : THE AWARDS

Innovation Awards

Organized by the Languedoc-Roussillon Region and Transferts LR, the Innovation Trophies reward projects, innovations and new solutions in the fields of renewable energy and eco-building. This year, three companies have been awarded.

2009 winners:

Trophée Innovation d'OR (Gold Award)

☞ Company : NOVEOL

"L'éolien visiblement innovant "

Trophée Innovation d'ARGENT (Silver Award)

☞ Company: BULANE

"Electrolyseurs innovants"

Trophée Innovation de BRONZE (Bronze Award)

☞ Company: EHW. RESEARCH

"Smart Power Box"

➔ Eco Maires / ENERGAÏA Awards

Organized in partnership with the Eco Maires French association, this prize is awarded to cities committed to a sustainable development and energy management approach.

2009 winners :

Ville de **LE PORT** (Ile de La Réunion, 97)
“Le P. Ville Solaire - Quartier solaire de la Cité Ravine à Marquet”
(creation of a solar district)

Ville de **MANOSQUE** (Alpes de Haute Provence, 04)
“Création d’un champ photovoltaïque sur une ancienne décharge”
(creation of a PV field on a former dump)
